Correction to the Group Email.

Wes Rutt, Outreach & Education Chair with Colorado Tree Farmers and Greg Cause with the Colorado State Forest Service will be the speakers at the Beetle Buster program August 13, 2011. My apologies to the GMC and the members for erroneously reporting that Bruce Benninghoff would be the speaker.

It has also been noted that there are multiple activities scheduled for the same day, which is correct. Folks will have the opportunity to choose.

I'll keep you posted.
