A renewed plea: HELP!

The Greenbelt Management Committee is hoping for lots of willing volunteers to help pile slash this Saturday at their Filing 13 mitigation project at the intersection of Flathead Drive and Osage Trail. Weather forecasts paint a much warmer picture this weekend. Work is scheduled to begin at 9:00 a.m. Bring gloves, rakes and tarps. If you have yet to sign a waiver before working in the greenbelt, please be sure to stop at the office to sign that prior to heading to the 13th Filing. Remember that every volunteer hour worked equates to a \$20 credit towards the matching grant.

I'll keep you posted,
Jody
