I hereby give the Crystal Lakes Road & Recreation Association Inspectors permission to enter my property for the purpose of inspecting my Fire Pit, taking photographs for file on approved Fire Pit display (Identification and location of property owner will not be disclosed on display.)

Fire Pit location is: _____

Because galvanized metals when heated can produce toxic materials and gases such as cyanide, fire pits with galvanized materials will not be approved.

I have read and certify that I have not used galvanized metals for any part of my fire pit construction. Further I agree to abide by the CLRRRA Open Fire Policy. I have read and understand that I may be subject to a fine as noticed if I fail to comply. My signature serves as my agreement that random inspections of my fire pit may be conducted after approval, and a re-inspection of the fire pit shall be held upon sale of property at no charge.
